## COCONUT SHELL, WOOD AND COAL BASE ACTIVATED CARBON

CARBON ACTIVATED CORP. is One of the Largest Activated Carbon Manufacturers and Distributors in the globe

We Supply High Quality Activated Carbon Globally at Competitive Prices

We Have Over 35 Years of Experience in Activated Carbon Production, Sales, and Services

We Provide Free Technical Support to Domestic and International Markets

Our Coconut Shell, Wood and Coal Base Carbon is NSF-61 Certified and Meets AWWA Standards

Our Company is ISO 9001 :2015 Certified

**World's Finest Quality Ready to Ship NOW!**

## ACTIVATED CARBON AND RELATED SERVICES

We operate our own manufacturing facilities that produce high quality activated carbon. Carbon Activated Corp. has in place, at all stages of production, stringent quality control to ensure superior products and good consistency. Our Coconut Shell and Coal Base Activated Carbon is NSF 61 Certified.

We carry most of the standard sizes of Granular, Powder and Pelletized Activated Carbon inclusive of custom mesh sizes which are available in any adsorption capacity level.

Granular Activated Carbon 3x6, 4x6, 4x8, 4x10, 6x10, 6x12, 6x16, 8x14, 8x16, 8x20, 8x30, 12x20, 12x30, 12x40, 20x40, 20x50, 30x60, 30x70, 30x80, 40x80

Powder Activated Carbon 50x150, 50x200, 80x325, 100x325 & -325

Pelletized Activated Carbon 4.00mm, 3.00mm, 2.00mm & 1.50mm

Packaging: 12.5kg (27.5lbs / 1ft3) & 25kg (55lbs / 2ft3) Poly Lined Bags  
500kg (1100lbs / 40ft3) Super Sacks & 100kg (220lbs / 8ft3) Fiber Drums

### CUSTOM GRADES AND PACKAGING ALSO AVAILABLE

We carry a large inventory of Coconut Shell & Coal Base Activated Carbon in Regular, Water Washed or Acid Washed, including various Impregnates to suite any type of vapor or liquid phase application.

We have two regeneration plants in California and New York for reactivation. We also handle disposal of spent activated carbon at these facilities. Our regeneration facility in California is NSF 61 Certified for reactivating carbon for drinking water purposes.

Carbon Activated Corp. supplies Filter Vessels and Services for both Vapor and Liquid Applications using various types of Filter Media. Given below are the typical applications we service, utilizing our Activated Carbon and other Filter Media.

- Liquid - Water purification including Potable Water, Beverage Water, Aquarium Water & Dialysis Treatment of Industrial and Municipal Waste Water and various Remediation Applications
- Vapor - Room Air Purifiers, Odor Control Systems, Industrial Air Cleaning Systems, Hydrocarbon Vapors, and VOC Adsorption
- Precious Metals - We have developed specialized Carbon for the Recovery of Gold from both Carbon in Leach and Carbon in Pulp Processing
- Services - Carbon Change Out Services inclusive of Filter Media Replacement  
Regeneration and/or Disposal of Spent Carbon  
In-House Crushing and Screening for special applications  
Free Technical Support including Carbon Loading Calculations to Determine Bed Life  
Pneumatic Slurry Services  
Turnkey Service Crews trained as Confined Space Entrants, 40hr Hazardous Waste Workers & 24hr. First Responder Operators  
In-House and On-Site Lab Testing for all requirements
- Tanks - New and used Filter Vessels for Liquid and Vapor Purification for Sale or Rental
